LIGHT AND LIGHTING

32, Victoria St., London, S.W.1. Edited by J. STEWART DOW Telephone: ABBey 5215

Vol. XXXV. — — — January—December, 1942

Authors Index

A

PAGE

ACKERLEY, R. O., on Waste of Fuel Order 112
Seeing Is Believing 126
ALDINGTON, J. N., on Fluorescent Light Sources 23, 45

B

BRIGHT, H., on Dimming Lamps on D.C. Circuits 22
BUCKLEY, H., on Measurement of Transmission Factors 22

C

COPPIN, F. W., on Fluorescent Pigments in Colour Printing 161

D

DARLEY, G., on Lighting of Drawing Offices 75
DAVIES, L. J., on Fluorescent Lamps 46
DAWE, R., on Lighting Aircraft Cabins 23

E

ENGLISH, S., on Predetermination of Performance of Opal Fittings 78
EVERETT, W. S., on Visual Aids to Movement under Black-outs ... 58

G

GOLDS, G. W., on Lighting Railway Station Names and Platforms ... 22

H

HARRIS, J. B., on Artificial Lighting 5, 38
HIGGINS, A. G., on Legislation on Lighting 154
HIME, M. W., on a New Application of Light to Meter Testing 86
HOWARD, E., on Lighting Pedestrian Crossings 152

J

JENKINS, H. J., on Fluorescent Lighting 24, 161

L

LAY, S., on Lighting for Production 88, 100
LOGAN, H. L., on The Anatomy of Visual Efficiency 57

M

MITCHELL, J. R., on The Eye 60

O

PAGE

OETTING, R. L., on Colour Rendering by Fluorescent Lamps 74

P

PEIRCE, M. W., on Shadows from Fluorescent Lamps 21
PITT, F. H. G., on Colour Blindness and Industry 7

R

ROBERTSON, H., on Advance Planning in Lighting Reconstruction 33
ROPER, V., on Polarised Headlamps 59
RUFF, H. R., on Fluorescent Lamps 46

S

SAVAGE, E. G., on The Teaching of Colour in Schools 134
SAWYER, E. B., on Atmospheric Absorption of Light in Factories 22
SCOTT, W. J., on Fluorescent Lamps 46
SMITH, F. C., on Gas Lighting under Low Pressure Conditions 21
STRANGE, J. W., on Fluorescent Materials 160
SWEET, A. J., on Planning Street Lighting 59

T

TAYLOR, G. J., on Factory Lighting 74
TILLEARD, Miss D., on Spectrophotometry and Colorimetry ... 81

W

WALDRAM, P. J., on Planning for Daylight 10
WALSH, J. W. T., on Planning for Daylight 8
WARBURTON, F. L., on Colorimetry 55
WESTON, H. C., on A Chart for Determining Foot-Candle Values ... 133
Utilisation Factors 138
WILLIAMS, R. G., on The Poetry of Light 102
WILSON, G. H., on Street Lighting: Past, Present, and Future 60
WINCH, G. T., on Photometry of Fluorescent Lamps 160
WRIGHT, H. D., on Vision at Low Intensities 2, 30, 71
Research on Colour Physics 32
